### Key Features

- Lightweight, ergonomic, low force design
- Digital display clearly reads volume setting
- Has a 4 digit counter visible display with its counter increment of 1000th of the range.
- The pipettes cover volume range of 0.1µl to 10ml
- Easy to calibrate and maintain with tool supplied
- Design helps avoid repetitive strain injuries
- Calibrated in accordance with ISO8655. Each pipette supplied with an individual test certificate
- The best-in-class pipette material used is fully autoclavable.
- Its filter element reduces volatiles liquids entry into the pipette and helps avoid liquid back-flow caused by improper operations.
